Subject Index

Language

Nature of Normal Language

Language Development

An overview of prosody and its role in normal and disordered child language. Gerken, L., & McGregor, K. May 1998, 38–48.
Parent-child joint book reading: An observational protocol for young children. Kaderavek, J. N., & Sulzby, E. February 1998, 33–47.

Language Use in Adults

Online examination of language performance in normal and neurologically impaired adults. Shapiro, L., Swinney, D., & Borsky, S. February 1998, 49–60.

Language Differences and Different Languages

Expressive vocabulary development and word combinations of Spanish-English bilingual toddlers. Patterson, J. L. November 1998, 46–56.

Verbal Learning and Memory

Teasing apart the contribution of memory and language impairments in Alzheimer's disease: An online study of sentence comprehension. Kempler, D., Almor, A., & MacDonald, M. C. February 1998, 61–67.

Language Disorders

Aphasia and Other Adult Language Disorders

Clinical value of online measures for adults with right hemisphere brain damage. Tompkins, C. A., & Baumgaertner, A. February 1998, 68–74.
Online examination of language performance in normal and neurologically impaired adults. Shapiro, L., Swinney, D., & Borsky, S. February 1998, 49–60.
Teasing apart the contribution of memory and language impairments in Alzheimer's disease: An online study of sentence comprehension. Kempler, D., Almor, A., & MacDonald, M. C. February 1998, 61–67.

Language Disorders in Children

Communicative, social/affective, and symbolic profiles of young children with autism and pervasive developmental disorders. Wetherby, A. M., Prizant, B. M., & Hutchinson, T. A. May 1998, 79–91.
Facilitating peer interaction: Socially relevant objectives for preschool language intervention. Hadley, P. A., & Schuele, C. M. November 1998, 25–36.
An overview of prosody and its role in normal and disordered child language. Gerken, L., & McGregor, K. May 1998, 38–48.
Parent-child joint book reading: An observational protocol for young children. Kaderavek, J. N., & Sulzby, E. February 1998, 33–47.
Recommending intervention for toddlers with specific language learning difficulties: We may not have all the answers, but we know a lot. Olswang, L. B., Rodriguez, B., & Timler, G. February 1998, 23–32.
Spoken language and written expression—Interplay of delays. Lewis, B. A., O'Donnell, B., Freebairn, L. A., & Taylor, H. G. August 1998, 77–84.

A study of classroom-based phonological awareness training for preschoolers with speech and/or language disorders. van Kleeck, A., Gillam, R. B., & McFadden, T. U. August 1998, 65–76.
Toward a "thick description" of families: Using ethnography to overcome the obstacles to providing family-centered early intervention services. Hammer, C. S. February 1998, 5–22.

Learning Disabilities
Spoken language and written expression—Interplay of delays. Lewis, B. A., O'Donnell, B., Freebairn, L. A., & Taylor, H. G. August 1998, 77–84.

Language Disorders in Mental Retardation
Determining spoken language prognosis in children with developmental disabilities. Yoder, P. J., Warren, S. F., & McCathren, R. B. November 1998, 77–87.
A survey of expressive communication skills in children with Angelman syndrome. Alvares, R. L., & Downing, S. F. May 1998, 14–24.

Language Disorders in Personality and Psychiatric Disturbances
Communicative, social/affective, and symbolic profiles of young children with autism and pervasive developmental disorders. Wetherby, A. M., Prizant, B. M., & Hutchinson, T. A. May 1998, 79–91.

Assessment and Intervention

Screening
Expressive vocabulary development and word combinations of Spanish-English bilingual toddlers. Patterson, J. L. November 1998, 46–56.

Assessment
Clinical value of online measures for adults with right hemisphere brain damage. Tompkins, C. A., & Baumgaertner, A. February 1998, 68–74.
Communicative, social/affective, and symbolic profiles of young children with autism and pervasive developmental disorders. Wetherby, A. M., Prizant, B. M., & Hutchinson, T. A. May 1998, 79–91.
Facilitating peer interaction: Socially relevant objectives for preschool language intervention. Hadley, P. A., & Schuele, C. M. November 1998, 25–36.
Parent-child joint book reading: An observational protocol for young children. Kaderavek, J. N., & Sulzby, E. February 1998, 33–47.
Teasing apart the contribution of memory and language impairments in Alzheimer's disease: An online study of sentence comprehension. Kempler, D., Almor, A., & MacDonald, M. C. February 1998, 61–67.
Toward a "thick description" of families: Using ethnography to overcome the obstacles to providing family-centered early intervention services. Hammer, C. S. February 1998, 5–22.

Intervention
Clinical value of online measures for adults with right hemisphere brain damage. Tompkins, C. A., & Baumgaertner, A. February 1998, 68–74.
Facilitating peer interaction: Socially relevant objectives for preschool language intervention. Hadley, P. A., & Schuele, C. M. November 1998, 25–36.
Online examination of language performance in normal and neurologically impaired adults. Shapiro, L., Swinney, D., & Borsky, S. February 1998, 49–60.
Recommending intervention for toddlers with specific language learning difficulties: We may not have all the answers, but we know a lot. Olswang, L. B., Rodriguez, B., & Timler, G. February 1998, 23–32.
Sounds and stories: Teaching phonemic awareness in interactions around text. McFadden, T. U. May 1998, 5–13.
A study of classroom-based phonological awareness training for preschoolers with speech and/or language disorders. van Kleeck, A., Gillam, R. B., & McFadden, T. U. August 1998, 65–76.
Toward a "thick description" of families: Using ethnography to overcome the obstacles to providing family-centered early intervention services. Hammer, C. S. February 1998, 5–22.

Nonspeech Communication Systems
Communicative, social/affective, and symbolic profiles of young children with autism and pervasive developmental disorders. Wetherby, A. M., Prizant, B. M., & Hutchinson, T. A. May 1998, 79–91.
Determining spoken language prognosis in children with developmental disabilities. Yoder, P. J., Warren, S. F., & McCathren, R. B. November 1998, 77–87.
A survey of expressive communication skills in children with Angelman syndrome. Alvares, R. L., & Downing, S. F. May 1998, 14–24.

Speech

Nature of Normal Speech

Development of Speech and Voice
Speech breathing in able-bodied children and children with cerebral palsy: A review of the literature and implications for clinical intervention. Solomon, N. P., & Charron, S. May 1998, 61–78.

Anatomy and Physiology of the Adult Speech System
Physical examination of the diaphragm by the speech-language pathologist. Hixon, T. J., & Hoit, J. D. November 1998, 37–45.

Speech and Voice Disorders

Articulation and Resonance Disorders
Phonological assessment and treatment of bilingual speakers. Yavas, M., & Goldstein, B. May 1998, 49–60.

Craniofacial and Other Anomalies
Comment on McHenry (1997). Zajac, D. J. August 1998, 95.

Physiologically Based Speech Disorders
Comment on McHenry (1997). Zajac, D. J. August 1998, 95.
Physical examination of the diaphragm by the speech-language pathologist. Hixon, T. J., & Hoit, J. D. November 1998, 37–45.
Speech breathing in able-bodied children and children with cerebral palsy: A review of the literature and implications for clinical intervention. Solomon, N. P., & Charron, S. May 1998, 61–78.
A survey of expressive communication skills in children with Angelman syndrome. Alvares, R. L., & Downing, S. F. May 1998, 14–24.

Speech and Voice Disorders in Personality and Psychiatric Disturbances
Voice treatment techniques: A review and recommendations for outcome studies. Pannbacker, M. August 1998, 49–64.

Stuttering and Other Fluency Disturbances
Evaluating stuttering in young children: Diagnostic data. Yaruss, J. S., LaSalle, L. R., & Conture, E. G. November 1998, 62–76.
Real-time analysis of speech fluency: Procedures and reliability training. Yaruss, J. S. May 1998, 25–37.
Treatment decisions for young children who stutter: Further concerns and complexities. Ingham, R. J., & Cordes, A. K. August 1998, 10–19.
Treatment of early childhood stuttering: Advances and research needs. Curlee, R., & Yairi, E. August 1998, 20–26.
What is the take-home message from Curlee and Yairi? Packman, A., & Onslow, M. August 1998, 5–9.

Voice and Other Laryngeal Disorders

Environmental noise: A threat to automatic voice analysis. Ingrisano, D. R-S., Perry, C. K., & Jepson, K. R. February 1998, 91–96.

Physical examination of the diaphragm by the speech-language pathologist. Hixon, T. J., & Hoit, J. D. November 1998, 37–45.

A preliminary report on treatment of contact granuloma with steroid injections. Crary, M. A., Sapienza, C. M., Cassisi, N. J., & Moore, G. P. May 1998, 92–96.

Voice treatment techniques: A review and recommendations for outcome studies. Pannbacker, M. August 1998, 49–64.

Assessment and Intervention

Assessment

Comment on McHenry (1997). Zajac, D. J. August 1998, 95.

Environmental noise: A threat to automatic voice analysis. Ingrisano, D. R-S., Perry, C. K., & Jepson, K. R. February 1998, 91–96.

Evaluating stuttering in young children: Diagnostic data. Yaruss, J. S., LaSalle, L. R., & Conture, E. G. November 1998, 62–76.

Phonological assessment and treatment of bilingual speakers. Yavas, M., & Goldstein, B. May 1998, 49–60.

Physical examination of the diaphragm by the speech-language pathologist. Hixon, T. J., & Hoit, J. D. November 1998, 37–45.

Real-time analysis of speech fluency: Procedures and reliability training. Yaruss, J. S. May 1998, 25–37.

Speech breathing in able-bodied children and children with cerebral palsy: A review of the literature and implications for clinical intervention. Solomon, N. P., & Charron, S. May 1998, 61–78.

Acoustic Measures of Speech and Voice

Environmental noise: A threat to automatic voice analysis. Ingrisano, D. R-S., Perry, C. K., & Jepson, K. R. February 1998, 91–96.

Intervention

The capability-focus treatment framework for child speech disorders. Kwiatkowski, J., & Shriberg, L. D. August 1998, 27–38.

Phonological assessment and treatment of bilingual speakers. Yavas, M., & Goldstein, B. May 1998, 49–60.

A relationship between stimulability and the efficacy of visual biofeedback in the training of a respiratory control task. Volin, R. A. February 1998, 81–90.

Speech breathing in able-bodied children and children with cerebral palsy: A review of the literature and implications for clinical intervention. Solomon, N. P., & Charron, S. May 1998, 61–78.

Treatment of early childhood stuttering: Advances and research needs. Curlee, R., & Yairi, E. August 1998, 20–26.

Instrumentation for Diagnosis, Treatment, and Research

Environmental noise: A threat to automatic voice analysis. Ingrisano, D. R-S., Perry, C. K., & Jepson, K. R. February 1998, 91–96.

Physical examination of the diaphragm by the speech-language pathologist. Hixon, T. J., & Hoit, J. D. November 1998, 37–45.

A relationship between stimulability and the efficacy of visual biofeedback in the training of a respiratory control task. Volin, R. A. February 1998, 81–90.

Nonspeech Communication Systems

Determining spoken language prognosis in children with developmental disabilities. Yoder, P. J., Warren, S. F., & McCathren, R. B. November 1998, 77–87.

Professional and General Scientific Issues

Professional Affairs

Professional Standards and Ethics

Treatment decisions for young children who stutter: Further concerns and complexities. Ingham, R. J., & Cordes, A. K. August 1998, 10–19.

Whistleblowing in speech-language pathology. Pannbacker, M. November 1998, 18–24.

Governmental and Professional Regulations

External factors influencing the profession in six societies. Pickering, M., McAllister, L., Hagler, P., Whitehill, T. L., Penn, C., Robertson, S. J., & McCready, V. November 1998, 5–17.

Service Provision Models and Problems

Accountability measures employed by speech-language pathologists in private practice. Trulove, B. B., & Fitch, J. L. February 1998, 75–80.

External factors influencing the profession in six societies. Pickering, M., McAllister, L., Hagler, P., Whitehill, T. L., Penn, C., Robertson, S. J., & McCready, V. November 1998, 5–17.

Treatment decisions for young children who stutter: Further concerns and complexities. Ingham, R. J., & Cordes, A. K. August 1998, 10–19.

Treatment of early childhood stuttering: Advances and research needs. Curlee, R., & Yairi, E. August 1998, 20–26.

Incidence and Prevalence of Communication Disorders

Treatment decisions for young children who stutter: Further concerns and complexities. Ingham, R. J., & Cordes, A. K. August 1998, 10–19.

Treatment of early childhood stuttering: Advances and research needs. Curlee, R., & Yairi, E. August 1998, 20–26.

Research Issues and Methodology

Environmental noise: A threat to automatic voice analysis. Ingrisano, D. R-S., Perry, C. K., & Jepson, K. R. February 1998, 91–96.

Treatment of early childhood stuttering: Advances and research needs. Curlee, R., & Yairi, E. August 1998, 20–26.

Interdisciplinary Concerns

External factors influencing the profession in six societies. Pickering, M., McAllister, L., Hagler, P., Whitehill, T. L., Penn, C., Robertson, S. J., & McCready, V. November 1998, 5–17.

Multicultural Issues

Understanding Filipino families: A foundation for effective service delivery. Roseberry-McKibbin, C. August 1997, 5–14.

International Perspectives

External factors influencing the profession in six societies. Pickering, M., McAllister, L., Hagler, P., Whitehill, T. L., Penn, C., Robertson, S. J., & McCready, V. November 1998, 5–17.

Professional Training

Education and Continuing Education

Analysis of criteria for graduate admissions in speech-language pathology: Predictive utility of application materials. Forrest, K., & Naremore, R. C. November 1998, 57–61.

External factors influencing the profession in six societies. Pickering, M., McAllister, L., Hagler, P., Whitehill, T. L., Penn, C., Robertson, S. J., & McCready, V. November 1998, 5–17.

Increasing the recruitment and retention of historically underrepresented minority students in higher education: A case study. Saenz, T. I., Wyatt, T. A., & Reinard, J. C. August 1998, 39–48.

Preparing students to understand and honor families as partners. Bruce, M.

C., DiVenere, N., & Bergeron, C. August 1998, 85–94.

Recruitment and Retention of Minority Students

Increasing the recruitment and retention of historically underrepresented minority students in higher education: A case study. Saenz, T. I., Wyatt, T. A., & Reinard, J. C. August 1998, 39–48.

Title Index

Accountability measures employed by speech-language pathologists in private practice. Trulove, B. B., & Fitch, J. L. February 1998, 75–80.

Analysis of criteria for graduate admissions in speech-language pathology: Predictive utility of application materials. Forrest, K., & Naremore, R. C. November 1998, 57–61.

The capability-focus treatment framework for child speech disorders. Kwiatkowski, J., & Shriberg, L. D. August 1998, 27–38.

Clinical value of online measures for adults with right hemisphere brain damage. Tompkins, C. A., & Baumgaertner, A. February 1998, 68–74.

Comment on McHenry (1997). Zajac, D. J. August 1998, 95.

Communicative, social/affective, and symbolic profiles of young children with autism and pervasive developmental disorders. Wetherby, A. M., Prizant, B. M., & Hutchinson, T. A. May 1998, 79–91.

Correction to "Case studies for evaluating statistical significance in group designs" by Timothy Meline and John F. Schmitt. Meline, T. November 1998, 36.

Determining spoken language prognosis in children with developmental disabilities. Yoder, P. J., Warren, S. F., & McCathren, R. B. November 1998, 77–87.

Editor's report. Fey, M. E. November 1998, 94.

Environmental noise: A threat to automatic voice analysis. Ingrisano, D. R-S., Perry, C. K., & Jepson, K. R. February 1998, 91–96.

Evaluating stuttering in young children: Diagnostic data. Yaruss, J. S., LaSalle, L. R., & Conture, E. G. November 1998, 62–76.

Expressive vocabulary development and word combinations of Spanish-English bilingual toddlers. Patterson, J. L. November 1998, 46–56.

External factors influencing the profession in six societies. Pickering, M., McAllister, L., Hagler, P., Whitehill, T. L., Penn, C., Robertson, S. J., & McCready, V. November 1998, 5–17.

Facilitating peer interaction: Socially relevant objectives for preschool language intervention. Hadley, P. A., & Schuele, C. M. November 1998, 25–36.

Increasing the recruitment and retention of historically underrepresented minority students in higher education: A case study. Saenz, T. I., Wyatt, T. A., & Reinard, J. C. August 1998, 39–48.

Online examination of language performance in normal and neurologically impaired adults. Shapiro, L., Swinney, D., & Borsky, S. February 1998, 49–60.

An overview of prosody and its role in normal and disordered child language. Gerken, L., & McGregor, K. May 1998, 38–48.

Parent-child joint book reading: An observational protocol for young children. Kaderavek, J. N., & Sulzby, E. February 1998, 33–47.

Phonological assessment and treatment of bilingual speakers. Yavas, M., & Goldstein, B. May 1998, 49–60.

Physical examination of the diaphragm by the speech-language pathologist. Hixon, T. J., & Hoit, J. D. November 1998, 37–45.

A preliminary report on treatment of contact granuloma with steroid injections. Crary, M. A., Sapienza, C. M., Cassisi, N. J., & Moore, G. P. May 1998, 92–96.

Preparing students to understand and honor families as partners. Bruce, M. C., DiVenere, N., & Bergeron, C. August 1998, 85–94.

Real-time analysis of speech fluency: Procedures and reliability training. Yaruss, J. S. May 1998, 25–37.

Recommending intervention for toddlers with specific language learning difficulties: We may not have all the answers, but we know a lot. Olswang, L. B., Rodriguez, B., & Timler, G. February 1998, 23–32.

A relationship between stimulability and the efficacy of visual biofeedback in the training of a respiratory control task. Volin, R. A. February 1998, 81–90.

Sounds and stories: Teaching phonemic awareness in interactions around text. McFadden, T. U. May 1998, 5–13.

Special forum on online measures of comprehension: Implications for speech-language pathologists. Tompkins, C. A. February 1998, 48.

Speech breathing in able-bodied children and children with cerebral palsy: A review of the literature and implications for clinical intervention. Solomon, N. P., & Charron, S. May 1998, 61–78.

Spoken language and written expression—Interplay of delays. Lewis, B. A., O'Donnell, B., Freebairn, L. A., & Taylor, H. G. August 1998, 77–84.

A study of classroom-based phonological awareness training for preschoolers with speech and/or language disorders. van Kleeck, A., Gillam, R. B., & McFadden, T. U. August 1998, 65–76.

A survey of expressive communication skills in children with Angelman syndrome. Alvares, R. L., & Downing, S. F. May 1998, 14–24.

Teasing apart the contribution of memory and language impairments in Alzheimer's disease: An online study of sentence comprehension. Kempler, D., Almor, A., & MacDonald, M. C. February 1998, 61–67.

Toward a "thick description" of families: Using ethnography to overcome the obstacles to providing family-centered early intervention services. Hammer, C. S. February 1998, 5–22.

Treatment decisions for young children who stutter: Further concerns and complexities. Ingham, R. J., & Cordes, A. K. August 1998, 10–19.

Treatment of early childhood stuttering: Advances and research needs. Curlee, R., & Yairi, E. August 1998, 20–26.

Voice treatment techniques: A review and recommendations for outcome studies. Pannbacker, M. August 1998, 49–64.

What is the take-home message from Curlee and Yairi? Packman, A., & Onslow, M. August 1998, 5–9.

Whistleblowing in speech-language pathology. Pannbacker, M. November 1998, 18–24.

Department Index

Clinical Focus

The capability-focus treatment framework for child speech disorders. Kwiatkowski, J., & Shriberg, L. D. August 1998, 27–38.

Facilitating peer interaction: Socially relevant objectives for preschool language intervention. Hadley, P. A., & Schuele, C. M. November 1998, 25–36.
